It's ready, steady, and go on the ice with an ice skating relay race. Teams use penguin character skating aids as they relay companion, swapping between skaters as the race unfolds around the 250 metre ice track.

Human Ice Curling

Curling with a twist, instead of pushing those boring stones along the ice – use your work colleagues instead! A great group activity as teams work together to get the highest score down on the ice....and yes, we've included the brooms.

Ice Hockey Shootout

Perfect for multiple team play, get your associates sliding and gliding on the ice with hockey sticks, pucks and goals. Throw in the SnowDome referee and you're all set for an icy shootout.

Ice Trike Track Racing

Fly around the UK's only ice track on our custom built, drifting ice trikes. Teams will battle it out relay-style as they peddle and slide around the course. Will you and your team be the ice trike champions?

Uphill Snow Challenge

Requiring problem solving skills, brains and brawn, this activity is certainly a team effort. On the snow, teams are tasked with transporting their colleagues to the top of the snow slope with a sledge and pulley system. It all sounds so simple until you get to the final team member.

Snow Sculpture/Snowman Build

Using the snowmen props provided, participants can build their very own snowman or something entirely unique. Teams can judge each other's attempts or the SnowDome referee can always step in.

The Climb (45 minute session)

With 15 different climb lines across 6 and 10 metre climbing walls, test your speed and climbing ability against your colleagues to see who can scale the heights in the quickest times. **Maximum 20 per session**
